

SUMMARY AND RECOMMENDATIONS TO THE CHAIRMAN

19 May 1958

SUGGESTION NO. 58-381: dated 6 February 1958

STATINTL

[REDACTED] GS-13, Analyst  
EE/Germany, DD/P

A. Summary of Suggestion

In an attempt to clear the driveway out of Quarters Eye during rush hours, the suggester proposes placing a sign, just at the right of the drive-out of Quarters Eye, to read: "DO NOT BLOCK DRIVEWAY" or "DO NOT BLOCK INTERSECTION".

B. Summary of Evaluations

On 8 May 1958, the Office of Logistics, [REDACTED] stated:

STATINTL

"The Park Police have concurred with the attached suggestion, and are taking steps to paint the necessary street lines, and furnish this Agency with appropriate signs.

"There is a question of how much attention the motoring public will pay to these signs during the evening rush hour without benefit of a policeman at the intersection. Park Police explained that they could not place a man at this point during the rush hour.

"This suggestion, 'if it works', is considered of slight benefit as it is limited to Agency personnel parking in the Quarters Eye rear parking lot."

A. Summary of Suggestion

Suggester proposes a procedure for the replacing of cards in the RID/Main Index.

B. Summary of Evaluation

The standpoint of RID is as follows:

"In order to realize the full benefit of this suggestion, RI/Index has revised procedures whereby corrected cards are received and processed in a deck separate from the newly produced cards.

"The dual operation of filing the corrected card (intermixed with newly produced cards) and later pulling the old card through the use of corrected copyflo has been eliminated.

"The savings to be realized from the adoption of suggestion 58-516 ... are considered to be of limited application and slight benefit."

C. Recommendations of the Executive Secretary

1. Not in line-of-duty (GS-7 - Clerk)
